

Lesson Plan — Foundations of Math

CC0 1.0 synthetic fixture · Kelyra QA · not real student work

Week of Sep 21, 2026 · Synthetic

Objective:

Students solve one-step linear equations and check solutions.

Standards:

Local algebra readiness · equations & equality.

Materials:

Whiteboard, exit tickets, graph mini-set.

Warm-up (5m):

Two mental-math prompts; share strategies.

Teach (15m):

Model isolating the variable; think-aloud.

Practice (20m):

Pairs complete 6 items; teacher circulates.

Close (5m):

Exit ticket: one equation + check.

Differentiation:

Sentence stems; extension challenge problem.

Assessment:

Exit ticket scored 0–2; notes in gradebook.
